CADET ACTIVITIES: Air Cadets Squadron 753 of Drayton Valley continues to meet every Thursday night under the direction of Commanding Officer F/O Maurice R. C. McCallagh. This year's number is considerably lower than it was this time in 1964, however, the squadron is still as active as ever. The deficiency in the membership has in no way affected the efficiency of operations. This does not mean that the squadron leaders are not interested in new members. In fact, they are always on the lookout for new blood, and a membership of twice or three times this would be ideal. These generalities are the ideal and the actual situation and our Cadet movement is no exception to this rule. The people in charge would like to see a member every day of between thirty and fifty cadets, however, thirty or more are all that are available at the time. The leaders must make the best of the available talent and that is just what they are doing, and by the way, doing a splendid job of it, also.

The Cadets will be raffling off a portable T.V. set this spring. The item valued at \$195.00 will be drawn during the last week in April. Tickets will go on sale in shortly. They will sell at \$1.00 each and will be available from any member of the local Cadet Squadron or the Civilian Com-

mission. Proceeds will go toward furthering the Cadet movement in Drayton Valley.

GOLDEN GLOVE GOLF: For five or six years now the members of Combs has always skinned like a gopher in Golden Glove Golf Tournament in Edmonton. In 1964, Mike Combs won Golden Glove honors. That was the year that the Golden Glove Championships were held here in Drayton Valley. The deficiency in the membership has in no way affected the efficiency of operations. This does not mean that the squadron leaders are not interested in new members. In fact, they are always on the lookout for new blood, and a membership of twice or three times this would be ideal. These generalities are the ideal and the actual situation and our Cadet movement is no exception to this rule. Lions

The regular meeting of the Drayton Valley Lions Club was held in the Cardium Room on Tuesday, March 2, 1965, at 7:00 p.m.

Four years ago, the Drayton Valley Lions Club, through the International Foster Parents Plan, took on the sponsorship of an orphan child. The Lions Club are the foster parents of Anna, a seven year old girl who is attending school in an orphan village in Australia. On behalf of Anna who receives a birthday and Christmas gift, the annual payment of \$35.00 was again paid.

District 37 will have its annual convention in Edmonton June 9 - 12 of this year. The local group is being adopted to host the various clubs from Montana.

Thoughts favouring a bowling tournament and banquet.

Meeting

In the near future were discussed and will be organized at once.

Discussion followed, with a definite plan made, on a District 37 project of purchasing a vehicle for Dr. D. Madi, an eye surgeon, for use in his new Eye Hospital in India.

The Lions Club is in full swing, so if each and everyone of you have not yet purchased your Singo Ticket, we urge that you do so. Remember that the money raised in this Singo goes towards projects in your community. At present, The Lions Valley Park is awaiting more funds so work can go on towards its completion.

Support your Lions Club. Richard Dufwenkel, Public Relations Chairman.

MUCE CIVIL DEFENCE OPERATIONS TO TAKE PLACE

Drayton Valley is bracing itself for the "biggest ever" Civil Defence Exercise. The big combined group C.D.E. will be held on Thursday, May 27th. It will be far broader in scope than the one held last year, integrating, as it will, all branches of our civilian way of life and all stations. It is the first exercise of its kind, in scope of operations, to be held in either the Provinces or anywhere else in Canada.

This E.M.C. will be different in that they will take a part in the Exercises. Among the different phases of the Exercise will be: (1) Emergency Feeding, (2) Emergency Clothing, (3) Emergency Lodging, (4) Registration and Inquiry, (5) Personal Services, (6) Fire Drill and program.

In addition the schools will be taking part in the Exercises. There will also be Radiation Monitoring groups, probably chosen from the several producing or supply companies. First Aid, The Hospital and doctors of the area will be taking part. In the operations also will be all Communication areas, A.G.T. and other means of message transmission.

Chief Co-ordinator A. Miles said that there was a need for more men who were able to take the Radiation Monitoring Course, March 18th.

F. U. A. MEMBERSHIP TOUR MARCH, 1965

Monday, February 8th, was a beautiful morning to start out on - temperature was 40 degrees. Those arriving early in Calgary were transferred from data sheets. A.I.B.M. equipment is needed, allowing new machines to be installed at only rental cost. One machine was making up receipts of the day's business while another machine was operating by making up tickets. It is almost impossible to make error on these machines, but occasionally an error is caused up by a checkmate in order to derive full credit for the machine they must be used constantly.

Upon arriving in Vancouver on a.m., we were covered by the taxi to the Devonshire Hotel where we were greeted by a confirmed Mr. Hodson, who was not prepared for our arrival. A few rooms were assigned. Mr. Hodson was very helpful when we departed to the Co-op Insurance premises. Here we were advised by Mr. Hodson, Grant and Whitfield.

Home & School

Dr. J.M. BROWN TO ADDRESS HOME & SCHOOL.

Communicable Diseases and Immunization will be the topic of Dr. J.M. Brown of the Edmore Health Unit when he speaks at the General Meeting of the Drayton Valley Home & School Association on Monday evening, March 8th, at 8:30 p.m. in the old Elementary School.

The address will be followed by a question period and coffee will be as usual available after the meeting.

Miss Booker Crowned

Miss Sharon Booker was crowned Ice Carnival Queen in ceremonies that were held in 5000 Hall on Saturday evening, March 13th, as the sudden usually warm weather raised the first ice and made it impossible for the Drayton Valley Figure Skating Club and the Boy Scout Group Association to hold their regular Annual Ice Carnival.

In the above picture Miss Pat Mulgrew, last year's Queen placed the crown on Sharon's head, at a party which was put on for the last-standing members of the figure skating club who would not be able to skate this year. The party was held at the 5000 Hall and was a most successful one. The Queen will be crowned on March 13th at 8:30 p.m. in the old Elementary School at 8:30 p.m., and with over 80 applicants to date, the Chamber advises that further classes are expected to commence within the next week and that there are still places available. Anyone interested should contact Bob at 542-3075 (or 542-3295) or at the Chamber.

Centennial Meeting

CHAMBER OF COMMERCE CENTENNIAL MEETING HELD AT SCOUT HALL, THURSDAY, FEB. 18, 1965.

Mr. A. Braden, Chairman, opened the meeting:

(CONTINUED FROM PREVIOUS ISSUE)

BRADEN: To get back to the purpose of this meeting, as you noticed, your registered at the door and one of the questions that is of vital interest to it is whether the rural people that are present tonight, and we hope they carry with them the doomsday of opinion of their areas to do whether they wish to participate in the same project, say that I mean, in a project combined with Drayton Valley. I don't have the registration forms in front of me, but I would assume because of your interest and participation here, that many of you do wish to participate in a program. On this subject, I contacted Mr. Liberton of the Department of Municipal Affairs and he gave me the impression that a group of course it is not that, that the D.D. has made a decision to participate in a program along with Drayton Valley. He suggested to me that his decision in that matter would rest at their annual meeting which I believe will take place in March. He expressed a definite interest in participating in a program for their participation in smaller towns. Now as you know the D.D. is quite large, it extends near Ennisville and encompasses other areas which might like to have their money. I don't know if it is official but I think the D.D. has not considered a request by a town to participate in a program that is to be a problem for the residents of the D.D. as far as it, they must get together and whether they live in one corner of it or the other, they must agree to one project, according to him. On course our name can be changed, if there are enough rates payed to change it. In my view, I thought it would bring that up to close.

D.A.s Speak To Farmers

District Agricultural Extension and Assistant Agriculture Mike D.A. office. Here we spoke at a meeting in 5000 Hall recently. The speakers' engagement was sponsored by Donnie S. Farm Supplies, with Bob Simon of that company, making the arrangements for the meeting.

Talks by the two agricultural experts featured both and Farmers' Union. The speakers were required to present a paper on the chemical composition of the soil. Scour Treatment

WHAT REALLY HAPPENS WHEN YOUR PIG OR CALF HAS SCOUR?

In up to 90% of scour cases, you can place 50¢ blame squarely on E. coli, a harmful bacteria that wades over time in the gut to kill your pig or calf. We say "kill" pig or calf. We say "kill" pig or calf.

While the dangerous action of E. coli has been well known for some time to the veterinary profession, it is only recently that livestock raisers have become acquainted with the big killer of calves and baby pigs and are in a position to do something about it.

Young animals appear to be particularly susceptible to E. coli, because their diet is primarily milk. An excellent medium for E. coli and also because very few receive appreciable immunity from the dam.

The start of most scour comes when, through stress of some kind, there is a drastic increase in the E. coli population in the gut. This could be triggered by a change in environment, lowered resistance due to unsuitable living conditions or a digestive upset caused by overfeeding. With the population explosion of E. coli bacteria comes a corresponding increase in the amount of endotoxin (a poison produced by E. coli) in the animal's gut and this damages the cells of the animal's intestinal tract. These damaged cells react violently to expel the intestinal contents still in the liquid form, hence diarrhea or scouring.

It is very important to catch scour early, because the diarrhea conditions result in dehydration and a loss of precious salt water in the animal's body. There is a serious loss of nutrition just at a time when the animal has the greatest need of being "built up."

HOW TO TREAT E. COLI

It has been found that use of a combination of oxytetracycline and Terramycin in the drinking water is the best method of treating the "coli" scour from becoming a "killer."

The E. coli are far in advance of the gut. At the same time the broad spectrum words effectively in the words to check the further ravages of disease caused by E. coli in other parts of the body. The new antibiotic in combination also does an excellent job of disease prevention.

Remember that latest research reveals E. coli as an intestinal killer, masquerading under the "cloak" of other diseases. So the moment your piglet or calf call show first symptoms of scour or your piglet have indications of CDI or enteritis, look quickly to that root of a start ring lot of disease with E. coli. But treat the condition promptly. Leaving it too late may mean serious loss.

Prevention of course, is the best insurance, just don't let E. coli get out of control in the first place. The old saying, "A stitch in time saves nine" was never more appropriate than in dealing with E. coli.

In milks, E. coli bacteria have been found in cases of 1 of 100,000. Because of a still unexplained why, it is a bacterial organism we find in susceptible points with and without culture of E. coli. Unlike other bacteria that occur, to both organisms had to be present.

There is no reason to remain in bondage to illness, fear, or inharmonious. It is God's joy to give us freedom from every limitation. We must dissolve forever any thought or feeling that God is punishing us or that life is holding us up any pattern of bondage.

I accept this idea: "It is my Creator's joy to heal, prosper, and free me. I absorb, embody, and express this truth consciously, subconsciously, mentally, emotionally, and physically."

Let this idea live in you. Let it occupy your mind and heart. Let it be expressed through your thoughts and words. Let it manifest in your body and affairs.

The Chapel Hour

I AM WHOLE, STRONG, AND FREE AS GOD CREATED ME AND WANTS ME TO BE.

It is our heavenly Father's joy to give us His kingdom of good. Listen! It is our Creator's joy to heal us, to strengthen us, to enrich us, to set us free. Absorb this idea consciously and subconsciously; give it a mental and an emotional body. Let it shape your thinking and feeling, and then express it in word and action.

I SEE PROBLEMS AS OPPORTUNITIES FOR NEW GROWTH AND LARGER BLESSINGS.

OUR SO-CALLED problems need not be a burden if we see them as opportunities for greater good to come into our life. Joseph recognized this. His brothers had sold him into slavery, yet later he was able to say to them: "Ye meant evil against me; but God meant it for good."

Nothing happens to us that cannot be transformed into a blessing if we will look, as Joseph did, for the good in the situation. Jacob, too, recognized this truth. When he wrestled with the angel in the dark of the night, he insisted: "I will not let thee go, except thou bless me."

Today I change my attitude toward what have seemed to be my problems. I bless them and look for the surface appearance for the good that is in store for me. Perhaps I am forging a stronger faith in God because of them, a better character, more patience, deeper understanding, greater maturity. I bless every problem and see it as an opportunity for growth.

It will not let thee go, except thou bless me.—GEN. 32:26.

PRAYER

Almighty God and Heavenly Father, we beseech Thee to bestow Thy blessing and guidance on those who labour in the battle against cancer. Give increased knowledge and understanding to our doctors and scientists. Grant that, with Thy blessing, ways to defeat this deadly and treacherous disease may be discovered. Bring comfort, peace and restored health to those already afflicted or distressed. Ease the suffering of those in grievous pain. Comfort and strengthen the bereaved, and aid the efforts now being made to open the way to proper treatment and care for all people. These things we ask of Thee in the Name of Thy blessed Son, Our Lord and Saviour.

THE BIBLE TODAY

The Million Gospel Crusade in India towards which the Canadian Bible Society is paying \$20,000.00 a year for five years has already distributed nearly half a million Gospels in India.

Rev. Wm. Smith who is directing this distribution project writes "The arm of operation during the past month has many Muslims. Despite their prejudice against the Christian Book it is surprising how many have come forward to buy it in either Tamil or Urdu."

It is worth remembering that of those Muslims who have turned to Christ, the larger number have been affected by reading the New Testament.

In a two-week campaign in Bangalore 14,000 Scriptures were sold on the streets. In a two-week campaign in co-operation with the churches of Madras 73,000 Scriptures were sold.

WALK WITH ME TODAY

Ruby Wilkinson

I dwell not on the morrow, God. But reverently pray For strength to greet each dawning. Please walk with me today. The shadows clouding yesterday More than I could bear. I feel your hand in mine And know that you were there.

I feel your warmth and nearness, and gladness thrilled me through. My way grew light, my spirit bright. Because I walked with you.

Teen Scene

Some thirty-two risks have entered in this year's High School Bowling for the Drayton Valley curling rink this coming weekend. First draw is at four o'clock Friday March 19 and the hospital will continue until Sunday night.

On Saturday night in conjunction with the hospital there will be a dance held in the C.E. Hall. Dance time is nine o'clock and admission is set at one dollar per person. All those curling in the hospital will be admitted free. This promise to be a good dance with the music being supplied by the C.E. Classic. A well known group with the Drayton team.

On the High School sports scene Drayton Valley has made themselves known in two fields. In curling, two teams were recently entered in the C.E. Hall. School curling hospital.

Coming out on top and bringing home first prize

In the first event waste team skipper Ed Hulsat. Ed had Dave Joyce playing third, Donna Jenkins as second and Bonnie Baxter as fourth. The team entered was skipped by Russell Bair and had Bill Wahl playing third, Pat Casey second, and Lucille Comeau lead.

Two local girls who recently went to Canmore to bowl in the regional bowl off qualified for the provincial playoffs. They were Linda Catre and Loraine Copeman. The playoffs will be held on the 24 of April on the Bonnie Doon Lanes in Banff.

Memphis Tennis would like to thank the Scout and Cub Scout Committees for their assistance with their tent and also the change rooms who have attended our dances to date. This help is very much appreciated.

To replace the plain business like or the busy too much of sandwiches, currently a even more interesting kind of sandwich is gaining popularity. It is the full-supper sandwich served to family or to guests as a meal in its self.

1 loaf French bread, about 18 inches long
Soft butter or margarine
Leaf lettuce
5 thin slices boiled ham
5 thin slices large salami
5 thin slices process cheese
Large dill pickles, sliced
Thin, longish
5 thin slices Swiss cheese
5 thin slices tomato

Cut French loaf in 3/4" slices
Remove 1/2", but not through bottom crust, making 19 cups in all. Butter facing sides of first cut and line with lettuce. Repeat with every other cut - this will leave uncut cups in between where sandwiches can be broken off at serving time.

In first lettuce lined cut, insert a folded slice each of ham, salami, and cheese with a slice pickle in half in the middle. In second lettuce lined cut, insert a folded slice each of ham, salami, and cheese with a slice pickle in half in the middle. In third lettuce lined cut, insert a folded slice each of ham, salami, and cheese with a slice pickle in half in the middle.

Lightly toss cabbage, mayonnaise, chili sauce, color and salt. Refrigerate about 1 hour, or until well chilled. Cut each sandwich, lightly spread 2 slices bread with butter. On one slice, spread oyster layer ham and cheese slices, then spread with some of the cabbage mixture. Top with second bread slice. Cut crosswise into thirds, serve with a full pickle.

SHOULD CHICKEN AND HAM SANDWICH A LA RTZ
1 1/2 lbs (5 oz) chicken
1 can (4 1/2 oz.) deviled ham
1/4 cup mayonnaise
1/2 cup, Worcestershire sauce
1/2 cup, catsup
2 eggs whites
Dash cream or tarrar
2 tbs. prepared mustard
2 tbs. mayonnaise
2 English muffins, split
Mashed butter
In medium saucepan, heat chicken, ham, mayonnaise, and Worcestershire. Keep hot. Make topping. In small bowl, with rotary beater, beat egg whites

until nicely browned. Spoon hot chicken mixture on muffins, mounding high in center. Cover with egg white mixture. Put under broiler 2 to 3 minutes or until topping is golden.
